

**TRANSPARENCY
INTERNATIONAL UK**
fighting corruption worldwide

Launching our updated
Corporate Anti-Corruption
Benchmark Service.

March 2025

Our events explore how trends in anti-bribery and corruption intersect with the wider compliance and ethics landscape, providing a space for learning, exchanging and networking for all your team.

Bringing together members from leading businesses with government, academia, investors and civil society organisations through a mixture of in-person and virtual meetings, we offer national, regional and global insights on current and emerging challenges with practical solutions for businesses to adopt.

Silver membership includes access to our Business Integrity Forum events listed on the following page.

Gold members get additional access to workshops that accompany their participation in the Corporate Anti-Corruption Benchmark Service.

To register for events listed in this brochure, or to upgrade your membership, email businessintegrity@transparency.org.uk

CORRUPTION PERCEPTIONS INDEX

2025 BRIEFING **IN PERSON**

 **24 FEB, 17:30-20:00 GMT**

Our annual briefing will increase understanding of how the Corruption Perceptions Index (CPI) intersects with broader geopolitical risks.

As global markets face heightened political volatility, sanctions activity, and regulatory scrutiny, the CPI is no longer just a corruption index, it is a strategic lens for assessing institutional resilience and identifying jurisdictions where bribery risks are amplified by wider instability.

ETHICAL USES OF AI IN COMPLIANCE

 **JUNE** **ONLINE**

Following our half-day session on the application of AI for compliance in 2025, this practical webinar will build on ways organisations can harness AI responsibly.

We'll examine how to deploy AI tools transparently, reduce bias, strengthen monitoring, and enhance decision-making without compromising privacy or governance standards.

OPERATIONALISING THE ANTI-CORRUPTION STRATEGY FOR BUSINESS

 **APRIL** **IN PERSON**

This half-day session will bring the UK Government's new Anti-Corruption Strategy to life, four months after its release.

We'll cut through the policy headlines and focus on what truly matters in practice for anti-bribery and corruption professionals, exploring ways to embed the strategy's priorities into real-world operations through sharper risk assessment, smarter third-party oversight, and data-driven monitoring.

DOING BUSINESS WITH INTEGRITY IN...

THE MIDDLE EAST

 **OCTOBER** **ONLINE**

Our annual webinar invites experts from across the Transparency International global movement to share insights from a chosen region to help understand and manage corruption risks in your business.

BUSINESS INTEGRITY FORUM

ABC TRENDS AND DEVELOPMENTS:

2027 LOOK AHEAD

 **DECEMBER** **ONLINE**

What does your team need to be aware of when it comes to anti-corruption compliance trends as we approach 2027?

Our virtual forum will explore regulatory changes and trends of note for the coming year.

BACK TO BASICS: PREVENTING EVERYDAY COMPLIANCE BREACHES

 MARCH

HYBRID

This interactive workshop explores how to prevent everyday compliance breaches before they escalate. Participants will examine common pitfalls in daily operations and learn practical strategies to embed compliance into routine workflows.

Through exploring real-world examples, the session will cover effective training and communications to ensure controls are understood by frontline staff, and proactive monitoring for compliance.

BEYOND THE POLICY: EMBEDDING ETHICAL CULTURE

 MAY

HYBRID

How can compliance teams make business integrity policies genuinely meaningful for employees? Drawing on behavioural science, culture survey insights, and practical incentives, we'll show how to influence real-world behaviour and embed ethical decision-making across the organisation.

Participants will also understand how to position compliance as a trusted business partner, working seamlessly with HR, senior leadership, and communications.

DATA, AI, AND DIGITAL TOOLS IN ABC

 SEPTEMBER

HYBRID

Learn how to leverage AI technology for transaction monitoring, red-flag detection, and predictive analytics to anticipate and mitigate corruption risk.

We'll examine the practical use of chatbots and digital ethics assistants to support staff and reinforce ethical decision-making.

Participants will gain actionable insights into integrating digital tools into ABC programmes, enhancing efficiency, and turning data into a strategic advantage for compliance.

CORPORATE ANTI- CORRUPTION BENCHMARK SERVICE

WHEN THE BRIBERY ALLEGATION HITS

 NOVEMBER

HYBRID

Step into a live crisis simulation in this hands-on workshop, where a bribery allegation hits your organisation. Participants will respond in real time to a whistleblower claim, navigating the critical first 48 hours.

Through debate and practical exercises, we'll explore how to manage internal investigations, self-disclosure, stakeholder communications, and remediation effectively. Attendees will leave feeling able to respond swiftly, protect reputation, and make informed decisions under pressure, building confidence in handling real-world ABC crises.
